To Whom It May Concern,

I am writing on behalf of Sahil Residence, and I want to express our deep appreciation for the excellent work done by "Idea," a Baku-based urban furniture manufacturer.

We collaborated with Idea on a project in Baku's "White City" district, where they manufactured and installed pergolas, benches, litter bins, planters, and bike racks. Idea's work was exceptional in quality, and they met all project deadlines.

Their team demonstrated a thorough understanding of our project's requirements, delivering top-notch products. Idea's commitment to the agreed-upon schedule was commendable, and their transparent communication made the collaboration smooth and efficient.

We highly recommend Idea for urban furniture projects, as they have significantly enhanced Sahil Residence's landscape in the White City district.

For any inquiries about our experience with Idea, please feel free to contact us.

Sincerely,

R.Akbarov

To whom it may concern,

This writing is to confirm that IDEA is a strategic partner of TerraStruc in Azerbaijan.

A dependable supply chain is crucial in the local market to deliver projects on time, to an international standard of quality and within a predetermined budget. The outdoor wood- and metalwork at the National Gymnastics Arena serves as a good example.

IDEA's performance, pro-active senior management input and transparent commercial dealings on various projects with TerraStruc over the last 5 years has made them an obvious choice as preferred supplier to our organization.

We can confidently recommend IDEA's service offer and product range to others.

You are welcome to contact the undersigned directly if confirmation of this recommendation is required.

Kind regards,
Johann Schoeman

Re: "IDEA" LLC

To Whom it may concern

I confirm that I have dealt with "IDEA" LLC since June 2019, during which time they have provided The International School of Azerbaijan (BP facility) with excellent service. They offer highly personalized bespoke designs and build a strong client relationship, tailor their process to meet client's needs, deliver full architecture, design and turnkey styling service from concept to completion.

Employees are hardworking, time conscience and respectful, always willing to do that little bit extra. IDEA' s greatest attribute is their ability to solve problems. Being a BP facility, we have very high safety standards and our Pergola project (524 sq.m.) was extremely challenging and they were instrumental throughout every phase. They provided accurate pre-construction estimates and were flexible when additional funding sources were brought in at last minute, with local hire requirements. Their products are impregnated and certificated the requirements of "EN 71-3 Safety for Toys European" standard.

I am very pleased to offer the highest possible recommendation for IDEA LLC as an excellent contractor that TISA considers one of the most valued team members. Please feel free to contact me at +(994) 55 425 1989 if you have any questions, or would like any additional information.
